PRESS RELEASE

Quarter Master® Logo T-Shirt

Show your Quarter Master® pride in style with the first new t-shirt design released in years

Let everyone know whose driveline components they can trust by wearing the first new Quarter Master® T-shirt design created since the company was purchased by the COMP Performance Group™.

The new shirt's back displays a large red and blue Quarter Master® logo above the slogan, "The Most Trusted Name In Racing Drivelines." The comfortable and stylish shirt also features a smaller logo on the front left chest and the Quarter Master® website address on the left sleeve.

Preshrunk, Gildan Ultra Cotton (90% cotton, 10% polyester) material will not shrink in the wash and will last for years. Popular Sport Gray color hides grime and stains, making it perfect for wearing around the garage or at the race track. Available in unisex sizes Small through XXXL.
