

## 6x Six-Speed™ Automatic Transmission Packages For Ford 5.0L Coyote Engines

Ashland, MS – Utilizing the absolute latest in drivetrain technology, TCI® has created several new 6x Six-Speed™ Automatic Transmission Packages for the Ford 5.0L Coyote Engine that do not require adapter plates.

The TCI® 6x Six-Speed™ Automatic Transmission for Ford 5.0L Coyote Engines is a fully programmable transmission that gives drivers six forward gears (2.97, 2.23, 1.57, 1.18, 1.00, 0.75) for quicker acceleration and increased fuel economy at cruising speeds. All kits include a 6x Six-Speed™ Transmission, bellhousing, flexplate, EZ-TCU™ Transmission Control Unit with harness, dipstick, fluid and cooler. For a complete turn-key drivetrain solution, TCI® also offers 6x Six-Speed packages that include either the TCI® Paddle Shifter or Outlaw™ 2-Button Shifter. The programmable EZ-TCU™ allows users to program specific shift points and line pressures, as well as converter lock-up, giving Coyote-powered vehicles the most functional and modern drivetrain combination on the market. In addition, each TCI® transmission comes with individual serialized spec sheets and features patented HDT (Heat Dissipating Technology™) Coating™ for cooler operating temperatures and improved drivetrain efficiency. Designed to handle the Ford 5.0L Coyote engine's higher horsepower ranges, and with a full manual option when utilizing a paddle or bump shifter, these kits are perfect for street and race applications.

### Quick Facts

**Product:** 6x Six-Speed™ Automatic Transmission Packages For Ford 5.0L Coyote Engines

**Part Number:** #271601P7 (w/ Bellhousing); #271601P25 (w/ Bellhousing & Paddle Shifter); #271601P26 (w/ Bellhousing & Outlaw™ Shifter)

**140 Character Pitch:** 6x Six-Speed™ Automatic Transmissions give Ford 5.0L Coyote engines quicker acceleration and increased fuel economy at cruising speeds

### Features & Benefits:

- 6x Six-Speed Automatic Transmission Packages for Ford 5.0L Coyote engines
- Six forward gears & fully programmable shift points improve both acceleration & fuel economy
- Packages include 6x Six-Speed™ Transmission, bellhousing, flexplate, EZ-TCU™, wiring harness, transmission cooler, dipstick & fluid
- Packages also available with Paddle Shifter or the Outlaw™ Shifter for manual control over shifting
- Does not require adapter plates & withstands the Coyote engine's high HP capabilities

Part # 271601P26

### About TCI®

When TCI® opened its doors in 1968, it was a modest operation dedicated to delivering high performance transmission-related parts to a small group of drag racers. From those humble beginnings in Memphis, TN, TCI® has grown to be one of the largest and most technologically advanced manufacturers of high performance aftermarket drivetrain products. Now located in Ashland, MS, some 45 miles from parent company COMP Performance Group™, TCI® continues to set trends and expand its line of quality transmission, torque converter and accessory parts.
