

TCI® Right Hand Drive FAST-GATE™ Shifter

Ashland, MS – New FAST-GATE™ Shifter designed for right hand drive vehicles combines high performance and reliability with easy installation.

The new TCI® Right Hand Drive FAST-GATE™ Shifter features a universal design that can be mounted in virtually any 3- or 4-speed right hand drive application. The shifter's sturdy construction is capable of withstanding the demands of racing, yet its stylish and durable injection molded cover looks classy in street applications. Stamped components ensure smooth, accurate movements when shifting, and a reverse lockout mechanism eliminates the chance of transmission damage from accidentally shifting into reverse. The shifter comes with a black cover, shifter cable and all required hardware for a simple installation, so there is no need to buy extra accessory pieces. Economically priced but designed with the high quality and engineering of an expensive shifter, the TCI® Right Hand Drive FAST-GATE™ Shifter is the perfect shifter for U.S. import tuners or anyone in the U.K., Australia and other left lane driving countries.

About TCI®

When TCI® opened its doors in 1968, it was a modest operation dedicated to delivering high performance transmission-related parts to a small group of drag racers. From those humble beginnings in Memphis, TN, TCI® has grown to be one of the largest and most technologically advanced manufacturers of high performance aftermarket drivetrain products. Now located in Ashland, MS, some 45 miles from parent company the COMP Performance Group™, TCI® continues to set trends and expand its line of quality transmission, torque converter and accessory parts. For more information about TCI® and its products, visit us online at www.tciauto.com, or call us at 1.888.776.9824.
