

## FAST™ XFI™ 101 & XFI™ Advanced Extreme Classes

**Memphis, TN** – The next XFI™ 101 and new XFI™ Advanced Extreme Classes from FAST™ and EFI University will be held at the COMP Cams®/FAST™ R&D Center in Memphis, TN, on September 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup>.

Scheduled for September 10<sup>th</sup>, 2011, the FAST™ XFI™ 101 course consists of an intensive one day session that focuses mainly on classroom discussions dealing with properly setting up a FAST™ XFI™ ECU using the revolutionary new FAST™ XFI™ 2.0 software. Original XFI™ and “classic” FAST™ users will also benefit from the course. Designed for seasoned tuners and first timers alike, the course will take an in-depth look at everything from phasing the distributor to gaining an advantage at the track with the XFI™ optional Intelligent Traction Control™ feature. Held at the COMP®/FAST™ R&D Center in Memphis, TN, the XFI™ 101 class will be taught by racer and tuning guru, Brian Macy, and members of the FAST™ technical support staff.

Scheduled for September 11<sup>th</sup> and 12<sup>th</sup>, 2011, the XFI™ Advanced Extreme Class digs deeper into the XFI™ technology and provides the hands-on experience necessary to move to the next level of tuning. The Advanced Extreme class begins at the COMP®/FAST™ R&D Center in Memphis, TN, for day one of training, and then moves to Holly Springs Dragway in Holly Springs, MS for a full day of hands-on track tuning. This class requires completion of an XFI™ 101 Training Class, EFI University 101 or a prerequisite test.

In addition to the knowledge gained and certificate of accomplishment earned, attendees at both classes will be eligible for thousands of dollars worth of giveaways and door prizes. They will also make personal contacts with FAST™ technicians and engineers for follow-up support. To register, visit [www.efi101.com](http://www.efi101.com) or [www.fuelairspark.com](http://www.fuelairspark.com).
