

## Tomar™ Stellar 4 Clutches

**Lake Zurich, IL** – Stellar 4 Clutches have established a reputation for producing standout performances in 4-cycle oval dirt and pavement karting.

Stellar 4 Clutches from Tomar™ provide kart racers with an unmatched opportunity for success. Available for a wide variety of karting applications and classes, the Stellar 4 Clutch includes a 4" diameter design, adjustable stall speed and lightweight steel drums for improved rigidity, reliability and longevity. The bell shaped drum design of the Stellar 4 allows for increased chain clearance, while the friction disc configuration provides better lock-up and less heat build-up. Meanwhile, a .160" pressure plate provides more rigidity and better heat dissipation, while machined levers have a wide variety of weight applications. Springs are matched to within 1 lb. to ensure consistency. Finally, CNC-machined sprocket teeth reduce runout and are secured by a circlip which is rated at 16,000 RPM. Stellar 4 Clutches are available in 1-, 2-, 3- or 4-disc configurations to match virtually any Briggs Flathead or Animal application.

### Quick Facts

**Product:** Tomar™ Stellar 4 Clutches

**Part Number:** Application Specific

**Street Price:** Call For Pricing

**Social Media Pitch:** Tomar™ Stellar 4 Clutches have established a reputation for producing standout performances in 4-cycle dirt and pavement karting

#### **Features & Benefits:**

- 4" adjustable stall speed design & lightweight steel drums improve rigidity, reliability & longevity
- Bell shaped drum allows for increased chain clearance
- Dual friction disc configuration provides better lock-up & less heat build-up for more consistent shifts
- .160" Pressure plate increases rigidity and improves heat dissipation
- Available in 1-, 2-, 3- or 4-disc applications for all popular Briggs Flathead & Animal classes

### **About Tomar™**

Tomar™ Racing Clutches by Quarter Master® is the most trusted name in 2- and 4-cycle, wet and dry design kart clutches, as well as motocross racing wet design clutches. Tomar™ has built its reputation on superior products backed by personalized, one-on-one service and technical support offered directly to racers. Today, Tomar™ and Quarter Master® have a shared mission to be industry leaders with products that provide racers with what they need most – exceptional on-track performance.
