

## FAST™ EFI Fuel Pump Kits

**Memphis, TN** – Whether you want to upgrade an existing system, install a new fuel pump or retro-fit an in-tank pump into a tank originally manufactured without a pump, FAST™ EFI Fuel Pump Kits contain everything you need.

From mild street/strip applications to hardcore racing setups, when it comes to EFI fuel pumps, FAST™ has an easy solution for every application. FAST™ Fuel Pump Kits are designed to work with any popular EFI system, including XFI™ and XFI 2.0™. Each kit is hand assembled with expertly matched components, including high-quality fuel pump (inline or in-tank), filter, FAST™ regulators, system fittings and all hardware required for installation. Whether you are switching from carburetion to EFI, building a new EFI engine or simply upgrading a current fuel system, FAST™ EFI Fuel Pump Kits contain everything you need to supply fuel to your state-of-the-art EFI-equipped ride.
