

FAST™ XFI™ 101 Class At PRI Trade Show

Memphis, TN – The next XFI™ 101 course from FAST™ and EFI University is scheduled for November 30th, 2011, in conjunction with the Performance Racing Industry Show (PRI) in Orlando, FL.

Scheduled specifically to accommodate attendees of the 2011 edition of the PRI trade show, the final FAST™ XFI™ 101 course of the year is set for Wednesday, November 30th, at Orlando's Orange County Convention Center. This is the day before the PRI show begins at the same location. The class is open to both new and experienced end users, dealers and resellers of FAST™ products and technology. The one-day program focuses primarily on classroom discussions dealing with properly setting up a FAST™ XFI 2.0™ ECU utilizing C-Com® software. Special emphasis is placed on properly tuning and setting up calibrations for each table and sensor used. Class participants will not only receive a 100+ page FAST™ textbook, goodie bag and certificate of completion, but they will also be eligible for a variety of door prizes and will make valuable contacts. To register, visit www.efi101.com or www.fuelairspark.com/training.
