

TCI® GM Automatic Transmission To Dodge Viper V10 Adapter Kit

Ashland, MS – The TCI® Dodge Viper V10 Adapter Kit contains everything needed to bolt a GM style transmission behind the Dodge Viper V10 engine.

The new TCI® GM Automatic Transmission To Dodge Viper V10 Adapter Kit allows you to bolt a General Motors style transmission behind the Dodge Viper V10 engine with no need for special modifications. The kit contains an SFI approved flexplate, crank spacer, converter plate and block to transmission adapter. This is everything required to safely transplant the impressive V10 Viper engine into a GM vehicle without needing a custom-built torque converter or modified transmission. With the included SFI approved flexplate, the TCI® Dodge Viper V10 Adapter Kit is fully approved for use in any type of race application, and also is suitable for street/strip use.

About TCI®

When TCI® opened its doors in 1968, it was a modest operation dedicated to delivering high performance transmission-related parts to a small group of drag racers. From those humble beginnings in Memphis, TN, TCI® has grown to be one of the largest and most technologically advanced manufacturers of high performance aftermarket drivetrain products. Now located in Ashland, MS, some 45 miles from parent company the COMP Performance Group™, TCI® continues to set trends and expand its line of quality transmission, torque converter and accessory parts. For more information about TCI® and its products, visit us online at www.tciauto.com, or call us at 1.888.776.9824.
